Retail Up to 30 day supply from the Aetna National Pharmacy Network		
Mail Order 31-90 day supply from CVS Caremark Mail Service Pharmacy™ or a CVS Pharmacy		
Maintenance Choice® with Opt Out - After two retail fills, members must choose to fill a 90-day supply of their maintenance drugs at CVS Caremark Mail Service Pharmacy™ or at a CVS retail pharmacy. If the member wants to continue to fill their 30-day supply at any other network pharmacy, they simply need to call us at the number on their member ID card. If they do not notify us that they want to opt out of the 90-day supply at a CVS Pharmacy, they'll be responsible for 100 percent of their medication cost. The member may call us any time, even from the pharmacy, to let us know that they intend to opt out of the benefit.		
Specialty- Up to a 30 day supply First prescription fill at any retail or specialty pharmacy. Subsequent fills must be through the Aetna Specialty Performance Network.		
True Accumulation - Some specialty prescription drugs may qualify for third-party copay assistance programs, like a manufacturer coupon or a rebate. These could lower out-of-pocket costs. Any amount received through one of these programs will not apply towards the Deductible or Out-of-Pocket Maximum.		

Choose Generics with Dispense as Written (DAW) override - The member pays the applicable cost-sharing only if the physician requires brand. If the member requests brand when a generic is available, the member pays the applicable cost-sharing plus the cost difference between the generic and brand. The cost difference between the generic and brand does not count toward the Deductible or Out-of-Pocket Maximum.

Precertification - Included. See formulary for details.

Step Therapy - Included. See formulary for details.

***How out-of-network care is reimbursed:**

We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help members understand how much Aetna pays for their out-of-network care. At the same time, we want to make it clear how much more members will need to pay for this "out-of-network" care.

Members may choose a provider (doctor or hospital) in our network. Members may choose to visit an out-of-network provider. If a member chooses a doctor who is out of network, their Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of their own pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount.

The members' doctor sets his or her own rate to charge members. These rates may be higher -- sometimes much higher -- than what the members' Aetna plan "recognizes." Members' doctors may bill them for the dollar amount that their plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under their plan. No dollar amount above the "recognized charge" counts toward their deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit Aetna.com. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting their care from Aetna's network of health care providers. Go to **www.aetna.com** and click on "Find a Doctor" on the left side of the page. Members can sign on to the Aetna member site.

This applies when members choose to get care out of network. When members have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if the member got care in network. Members pay cost sharing and deductibles for their in-network level of benefits. Members should contact Aetna if their health care provider asks them to pay more. Members are not responsible for any outstanding balance billed by their providers for emergency services beyond their cost sharing and deductibles.
