*How out-of-network care is reimbursed:

We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help members understand how much Aetna pays for their out-of-network care. At the same time, we want to make it clear how much more members will need to pay for this "out-of-network" care.

Members may choose a provider (doctor or hospital) in our network. Members may choose to visit an out-of-network provider. If a member chooses a doctor who is out of network, their Aetna health plan may pay some of that doctor's bill. Most of the time, members will pay a lot more money out of their own pocket if they choose to use an out-of-network doctor or hospital.

When members choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount.

The members' doctor sets his or her own rate to charge members. These rates may be higher -- sometimes much higher -- than what the members' Aetna plan "recognizes." Members' doctors may bill them for the dollar amount that their plan doesn't "recognize." Members must also pay any copayments, coinsurance and deductibles under their plan. No dollar amount above the "recognized charge" counts toward their deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit **Aetna.com**. Type "how Aetna pays" in the search box.

Members can avoid these extra costs by getting their care from Aetna's network of health care providers. Go to **www.aetna.com** and click on "Find a Doctor" on the left side of the page. Members can sign on to the Aetna member site.

This applies when members choose to get care out of network. When members have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if the member got care in network. Members pay cost sharing and deductibles for their in-network level of benefits. Members should contact Aetna if their health care provider asks them to pay more. Members are not responsible for any outstanding balance billed by their providers for emergency services beyond their cost sharing and deductibles.

What's Not Covered

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are generally not covered.
