

# Working together

**The Aetna® plan for the Alliance** — Aetna and the Alaska Support Industry Alliance are teaming up to help your clients save

The Alaska Support Industry Alliance is a nonprofit trade organization promoting responsible exploration, development and production of oil, gas and mineral resources for all Alaskans. With the rising costs of health insurance, many Alliance members are seeking cost-effective ways to meet medical needs for themselves and their dependents.

Now, Aetna is joining forces with the Alliance to bring your clients new plan offerings with robust benefits, at more affordable rates.

## **Network savings for your clients**

These new plans offer Alliance member organizations a way to help lower their premium costs, tap into local network discounts and provide their employees with affordable coverage.

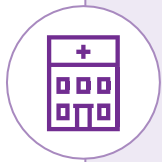

In the Anchorage and Mat-Su boroughs, employees may choose to enroll in the Aetna PPO Plus network, Aetna PPO network, or the Aetna Anchorage Mat-Su Community network. The Anchorage Mat-Su Community network includes in-network hospitals Alaska Regional Hospital and Mat-Su Regional Medical Center, as well as most of the doctors in the broad Aetna network.

Alaska employees outside of the Anchorage and Mat-Su boroughs may enroll in the Aetna PPO network or Aetna PPO Plus network. The Aetna PPO Plus network is a tiered network which enables use of Alaska Regional in addition to the full Aetna PPO network.

# A range of options

## Where to go for in-network care on the Aetna® plan for the Alliance

Our Aetna Anchorage Mat-Su Community network gives your clients plenty of options for care. We can offer great discounts to members who use certain facilities. You can find some of these facilities and groups below.

### In-network facilities

- Alaska Regional Hospital
- Alpine Surgery Center
- Surgery Center of Anchorage
- Mat-Su Regional Medical Center
- Susitna Surgery Center
- Surgery Center of Wasilla

### Alaska Regional Hospital

Different from other Aetna Alaska plans, this plan includes Alaska Regional Hospital as an in-network facility.

#### Alaska Regional:

- Is now recognized as a five-star hospital by the Centers for Medicare & Medicaid Services<sup>1</sup>
- Has a solid record of delivering high-quality, nationally recognized care<sup>2</sup>
- Has been fulfilling the medical needs of Alaskans and visitors since 1963<sup>3</sup>

### Need to see a specialist?

Our in-network providers specialize in the following:

- Cardiology
- Orthopedics
- Neurosurgery
- Rheumatology
- Dermatology
- Otolaryngology
- Gastroenterology
- Bariatric surgery
- General surgery
